ROBERT BARBER

Your petitioner, Robert Barber, a citizen of the United States and resident of Montgomery County, in the State of Alabama, whose post-office is Montgomery, in said county and State aforesaid, respectfully shows:

That he is a commissioner of the circuit court of the United States for the middle district of Alabama, and that he was such commissioner, duly appointed, qualified, and acting, from the 29th day of December, 1881, to the 17th day of November, 1888, both inclusive.

Petitioner has heretofore filed in the circuit court of the United States for said middle district of Alabama the original papers and proceedings and the certificates and returns required by law to be made by him in all of the cases, and for all of the services in which compensation is claimed in this suit, and will refer to the same as may be necessary upon the trial hereof.

And your petitioner further avers that complaints were duly made to him of the several violations of law, and against the persons charged, as set forth in said papers and in his said accounts; and that it thereupon became and was his duty under the laws of the United States, and especially of section 1014, Revised Statutes of the United States, "agreeably to the usual mode of process against offenders in the State of Alabama," and in conformity with article 1, chapter 4, title iii, of the code of Alabama [1876], to "examine said complainants and witnesses on oath, and to take their said depositions in writing, and to cause them to be subscribed by the persons making them," and to perform the other services herein set forth and charged.

The aggregate sum due your petitioner from the United States for the services hereinabove enumerated is eight hundred and two dollars and ninety-five cents [$802.95].

5 And your petitioner avers that no part of said above claim, demand, and account has been paid to him, nor to any one for him, nor has any part of the same been allowed to him in any way as a credit or offset, by any officer or department of the United States, and that the whole of said sum is now due and unpaid, although payment of the same has been duly demanded and refused, and is hereby demanded.

And petitioner further shows that no part of the claim herein sued has been heard and determined, nor has been heretofore rejected or reported on adversely by any court, Department or commission authorized to hear and determine the same.

And petitioner shows that no assignment or transfer of said claim or any part thereof has been made by him, and that he is the lawful owner thereof.

And petitioner solemnly swears that he will support and defend the Constitution of the United States against all enemies, foreign and domestic; that he will bear true faith and allegiance to the same; that he takes this obligation freely, without any mental reservation or purpose of evasion.

Wherefore, your petitioner prays judgment against the defendant accordingly for eight hundred and two dollars and ninety-five cents [$802.95], and that this honorable court will order, adjudge, and decree that an account be stated between the parties, and that the sum found due to this petitioner for and because of the services hereinabove enumerated shall be certified and paid to him as provided by law.

And your petitioner will ever pray, etc.

Petitioner.

ROBERT BARBER

THE UNITED STATES. } No. 363. Filed November 22d, 1888.

This case came on to be heard before the district court of the United States for the middle district of Alabama, the honorable John Bruce, U. S. district judge, presiding, and the defendant appeared and demurred in writing to the petition in said case, as is shown by the record thereof, and said demurrer was argued by counsel, and being understood by the court, it was considered that the same be, and it was, in all things overruled and denied; and the defendant making no further or other defence as to the actual performance of the services as charged, the petitioner introduced evidence in support of the allegations of said petition, to wit, his own testimony under oath, and the original records and files and accounts of the matters embraced in this suit, and his witnesses and proofs were further examined by the attorney of the United States and by the court, and the said accounts, claims, and demands sued upon having been established by proof satisfactory to the court, upon the evidence, the court, without a jury, finds the facts to be as follows:

[1.]

The petitioner was a commissioner of the circuit court of the United States for said middle district of Alabama from December 29th, 1881, to November 22nd, 1888, inclusive, duly appointed, qualified, and acting.

[2.]

Said petitioner, as such commissioner, actually and necessarily performed each and all of the serviees stated and charged in the petition in this case, for and on behalf, and at the instance and request, of the United States, and his accounts containing said charges were duly approved
162 by the proper court of the United States for Alabama, as required by law, for the amounts respectively set forth therein and in the petition in this suit.

[3.]

The amounts severally charged in said accounts and in the petition in this suit were the legal fees and charges authorized by law, and petitioner, as such commissioner, was entitled to demand and receive from and to be paid by the defendant, the said several sums set forth and charged for the said services performed by him as aforesaid, and the same are now unpaid and are due and owing to said petitioner.

Conclusion of law.

Upon the foregoing facts the court finds, as conclusion of law, that the petitioner is entitled to recover of the defendant the sum of eight hundred and two dollars and ninety-five cents [$802.95.]

THE UNITED STATES, APPELLANT,
vs.
ROBERT BARBER, APPELLEE.
No. 1164.

APPEAL FROM THE DISTRICT COURT OF THE UNITED STATES FOR THE MIDDLE DISTRICT OF ALABAMA.

SUBJECT—COMMISSIONER'S FEES.

APPELLANT'S BRIEF.

This case is that of a commissioner of the circuit court of the United States for the middle district of Alabama.

The following are the facts:

Appellee was a commissioner of the circuit court of the United States for the middle district of Alabama from December 29, 1881, to November 22, 1888.

The said district court found that he "actually and necessarily performed each and all the services charged in

the petition in this case for and on behalf and at the instance and request of the United States, and his accounts, containing said charges, were duly approved by the proper court of the United States for Alabama, as required by law, for the amounts respectively set forth therein and in the petition in this suit."

That "the amounts severally charged in said accounts and in the petition in this suit were the legal fees and charges authorized by law, and the petitioner, as such commissioner, was entitled to demand and receive from and be paid by the defendant the said several sums set forth and charged for the said services performed by him as aforesaid."

That "upon the foregoing facts the court finds, as conclusion of law, that the petitioner is entitled to recover of the defendant the sum of $802.95."

It does not appear that appellee's accounts were presented the Comptroller, yet it does appear they were presented the court for approval in the first instance and that they were approved.

GROUNDS OF APPEAL.

The contention of the appellant is, that the said court erred in finding that "said fees and charges were necessary and legal," and "that appellee was entitled to demand of and receive from the defendant $802.95 therefor."

CONSIDERATION OF THE CASE.

Sections 823, 828, 847, 1764, and 1765 of the Revised Statutes of the United States specify the legal fees and

necessary charges of the commissioner. The services charged for were rendered within the period of his commission and employment.

The items are classified and arranged for consideration under appropriate heads at page 2 of the Record.

COMPLAINTS.

"Drawing complaints" was disallowed by the Comptroller in the case of Ewing, pending an appeal in this court.

The form of "commissioner's accounts," in the Register of the Department of Justice for 1886, on page 285, includes "drawing complaints," but it is submitted that the fee-bill does not authorize such charge. The law of costs must be deemed and held a penal law, and no fee must be taken, except in cases expressly provided by law. (1 *Brik. Dig.*, 417, section 6; *Day* vs. *Woodworth*, 13 Howard, 363.)

Officers who are entitled to receive fees for their services can only receive such fees as are specifically provided by law. (Revised Statutes, 823, 1764, and 1765. (*Railroad Co.* v. *Railroad Co.*, 81 Alabama, 94–96; 1 Southern Reporter, 214.)

Unless there be statutory authority for the fees charged in the account sued on, they cannot be allowed. (*Jerman* vs. *Stewart*, 12 Fed. R., 271–275.)

In the case of Joseph M. Stafford (25 C. Cls. R., 280), it is held that a commissioner is *not* entitled to fees for "drawing complaints to be sworn to by a prosecutor."

The commissioner acts in the capacity of a committing

court. Until a "complaint" is before him, he has nothing upon which to act. The "complaint" before him puts him into action just as the indictment puts a court into motion in a "criminal charge." It is not his business and none of his business to prepare complaints.

When a "complaint" is presented him, he then invokes his judgment on the merits of the same to determine whether it is of the character to authorize the issuance of a writ. Until that time he has nothing to do.

In the case of *Strong* v. *United States*, 34 Fed. R., 17, at pages 18 and 19, in the district court for southern district of Alabama, it is held that the usual mode of proceeding before a magistrate or justice of the peace in a criminal prosecution in this State is by complaint in writing made by the person who institutes the prosecution which is sworn to and filed with the magistrate.

Section 1014, Revised Statutes United States, directs that the proceedings before the commissioner shall be after the fashion of such matters under the State law.

This being true, the commissioner is not supposed to know anything about the "charge" until the same is presented him in form to be sworn to. He would not be in a position to pass upon the legal effect of a paper prepared by himself, for in that event he would incline, naturally, to hold his own work sufficient, whether it were so or not.

There is no fee provided in section 847 for such service, and there are no services of a like nature performed by a clerk of the court that he can find any authority for the charge under section 828.

It may be insisted by appellee that the "depositions to

ground complaint" can be classed under the head of depositions for which 20 cents per folio is allowed in section 847, inasmuch as he is required to reduce to writing in the preliminary examination of a criminal charge the testimony of the complainant, and of such witnesses as he may produce in support of his complaint.

The criminal code of Alabama requires this, says the judge in that case, and calls such "depositions," Vol. 2, sections 4256 and 4257. But it does not require such testimony to be certified and filed by the magistrate, nor does it require such testimony to be taken with the same formalities as is required by the statute in the taking of depositions. (1 Code of Alabama, sections 2807 and 2808.)

The criminal code of Alabama only requires that the testimony shall be signedby the witnesses. (Sections 4256 above, and section 4286 of the code of Alabama.)

Such testimony, reduced to writing by the commissioner, is not a "deposition" in contemplation of section 847, Revised Statutes United States, for the fee in that section provided is for "taking and certifying depositions to file."

See *Nail Factory* vs. *Corning* (7 Blatchf., 16). This does not appear to be a charge for "taking and certifying a deposition," and under no consideration can such charges be allowed.

We are met, however, with the case of *Ravieses* vs. *United States* (24 C. Cls. R., 224), in which it is held that the code of Alabama, at sections 4255, 4256, 4257, and 4258, requires and makes it the judicial duty of the examining magistrate to prepare affidavits on which to ground a complaint, and appellee will doubtless especially rely

upon this decision for favorable action from this court. Section 4255 of the Alabama code is as follows:

> *Definition of complaint.*—The complaint is an allegation made before a proper magistrate that a person has been guilty of a designated public offense.

Section 4256 reads:

> *Plaintiff examined on oath: Depositions reduced to writing and subscribed.*—Upon a complaint being made to any one of the magistrates specified in section 4680 (4026) that such offense has, in the opinion of the complainant, been committed, the magistrate must examine the complainant and such witnesses as he may propose, on oath, take their depositions in writing, and cause them to be subscribed by the persons making them.

Section 4257 reads:

> *What depositions must state.*—The depositions must set forth the facts stated by this complainant and his witnesses tending to establish the commission of the offense and the guilt of the defendant.

Section 4258 reads:

> *Warrant of arrest to issue if probable cause shown.*—If the magistrate is reasonably satisfied from such depositions that the offense complained of has been committed, and there is reasonable ground to believe that the defendant is guilty thereof, he must issue a warrant of arrest.

If this "written testimony" had not been designated and dignified by the name "deposition," the Court of Claims would not have fallen into the error that it was a service provided for in section 847, Revised Statutes United States.

It is, however, nothing in the nature of "depositions" to be *taken*, *certified*, and *filed*.

This "written testimony" (for that is all it is) is taken for the guidance of the prosecuting officer, taken in order that he may know, as a law officer, if the witnesses will swear to facts sufficient to justify the issuance of a writ of arrest.

It is not, in any event, testimony taken upon which to ground a complaint.

The complaint is made first, and these witnesses are then called in, in the absence of the accused, to commit to writing what they will swear to when the accused is brought into court on a writ of arrest.

This is a *preliminary* to a "preliminary investigation." It is something never done before a commissioner by authority of a United States law.

The examination contemplated before a commissioner is one in which the accused party is present, "confronting" and "confronted by" the witnesses, and certainly no fee is provided by section 847 for taking testimony in regard to a matter upon which no one has yet been arrested and arraigned—matters which amount to nothing but a skirmish for facts upon which the officers of the law will feel justified in beginning a case.

The charges authorized in section 847, Revised Statutes United States, do not include any such charges as that asserted in the item under consideration, viz, "629 folios, depositions to ground complaint," and this charge must be disallowed.

And as such papers are not contemplated by the fee bill, everything done in relation thereto is improperly

charged to the Government; hence the "151 jurats" to said papers, the "66 oaths," and the "66 filings" are illegal charges and can not be allowed.

2. *Warrants.*—For *issuing* any warrant, $1 is allowed by the fee-bill, section 847 Revised Statutes of the United States; by reference to 828 *id.* as is probably also, "entering returns" and "filing warrants." Yet the Stafford Case, before referred to, seems to hold that the last two charges are not authorized and ought not to be allowed, especially as to the entering of "returns on warrants."

3. *Subpœnas.*—It is provided in section 828 that a fee of 25 cents shall be allowed for issuing a writ of subpœna.

The Stafford Case takes the position that no fee is allowed for entering marshal's returns of process, and if this position is tenable the fee charged for this must be disallowed.

If no fee is allowed for entering returns of process it is probably fair to allow the fee for "filing" warrants as in the last mentioned matter and "filing" subpœnas in this.

4. *Recognizances of defendants for examination.*—Section 828 (paragraph 8) provides a fee of 15 cents per folio for "entering" any recognizance.

Acknowledgments to recognizances are unnecessary and the charges therefor are illegal, as held by the Stafford Case, *supra*, and the case of *Strong* vs. *United States* (34 Fed. R., 17), notwithstanding the cases of *Crawford* vs. *United States* (40 Fed. R., 446), and *McKinstry* vs. *United States* (*id.*, p. 813).

There is no statutory authority for such charge, and it is submitted the same must be disallowed.

The "certificates" and "jurats" to such acknowledgments should be classed in the same list of disallowances; also the "oaths to justification of sureties" and the filings of "defendant's recognizances."

5. Administering "oaths to United States witnesses on examination" is a proper charge, and should be allowed.

6. *Per diem attendance.* Seven days' hearing, deciding, etc., criminal charge. Section 847 provides "$5 per day for the time necessarily employed" in *hearing* and *deciding on* a *criminal charge.*

This item appears to be within the privileges allowed in said section, hence the fee charged is legal and allowable.

7. *Recognizances of defendants to court.*—This matter has had treatment under paragraph 4.

8. *Recognizances of witnesses to court.*—"Entering recognizances" are allowed at paragraph 8 of section 828, Revised Statutes United States, but the "acknowledgments" to recognizances are not provided for, and the Stafford Case is against it. Likewise as to the "certificates" thereto.

9. *Pay-rolls.*—The first of these items is probably authorized by paragraph 8 of section 828, Revised Statutes United States.

As to the oaths of the witnesses to their "attendance and mileage," it is doubtful if the same should be a charge against the United States.

The Stafford Case coincides with this view.

10. *Transcript of proceedings.*—Three hundred and forty-three folios, 15 cents per folio.

This charge is held to be legal and proper in the case of *Strong* vs. *United States* (34 Fed. R., 17), and also in the case of McKinstry (*id.*, 211), where the order of the court required it. But it does not appear that an order of the court in this instance required this.

It is not authorized in the fee bill, and it is even doubtful if it is legal upon the order of the court.

Depositions on examinations.—Two hundred and ninety-six folios of depositions of United States witnesses at 20 cents; 108 filings of depositions at 10 cents.

These charges are clearly illegal.

(*a*) Depositions are not taken on "examinations."

The testimony of witnesses is reduced to writing and signed by the witnesses.

This testimony does not have the formality of depositions, and no charge is authorized therefor. That this is not work done within the provision of paragraph 4, section 847, Revised Statutes, of the United States, viz, "taking and certifying depositions to file" is determined by the fact that the depositions are alleged to have been taken on the "examination"—on the trial and at the trial or preliminary hearing for commitment.

The *Gilbert Case* (23 C. Cls. R., 218) frowns upon a charge of this character, and says it ought not to be allowed.

It would seem, too, that the commissioner is paid for his duties on "examination" by the per diem compensation of $5 per day.

Appellant apparently has a genius for fees. He charges for depositions taken, as he alleges, upon which to ground complaint, and also charges for the same depo-

sitions, presumably, on the "examination" for commitment, for the witnesses will have nothing different to say upon the examination from what they said when formally questioned upon the preliminary search for proof.

One or the other of these charges is superfluous. Either the "depositions to ground complaint" are unnecessary, or it is unnecessary to take these depositions again on examination. Again, if these matters are not, in fact, depositions, but a mere reduction to writing of the testimony, as we contend, there is no law providing for such charges either *before* or *on* the examination.

This commissioner seeks compensation for the same service through at least three distinct charges. He first charges for depositions upon which to ground complaint. He then charges for his services as commissioner $5 per day, and lastly charges for the depositions on "examination," and it is possible that the same work is included in his charge for "transcript."

(*b*) As to the second of the items under this head, it is authorized by paragraph 6, of section 847, Revised Statutes of the United States, that for necessary services, not specifically mentioned, he shall have the same compensation which clerks receive for like services. Paragraph 3, section 828, provides for a fee of 10 cents for filing any necessary paper.

If the "108 depositions" were filed before him properly and necessarily he would be entitled to the fee charged therefor, but if this charge be for filing the "written testimony" aforesaid, which he has been pleased to denominate "depositions," then it is not "filings" of necessary

papers and must not be allowed; that it *is* for the filing of such papers is evident from its association with the charges for the "depositions" taken on "examination."

It is therefore contended that the items embraced under this "head" be disallowed.

With these suggestions the matter is respectfully submitted.

II. Brief of Argument.

The services for which appellee recovered judgment in the court below were actually and necessarily performed for and on behalf and at the instance and request of the United States (Record, p. 82).

Section 1014 Revised Statutes U. S. provides that an offender against the laws of the United States shall be arrested and imprisoned or bailed, as the case may be, agreeably to the usual mode of process against offenders in the State in which he may be found.

The State law governing the proceedings necessary before commissioners to secure the arrest of an offender against the laws of the United States are found in the following sections of the code of Alabama:

"*Article* 1, *title* 3, *chapter* 3, *Code of Alabama*, *vol.* 2 (1886), 4,225 (4,647). *Definition of complaint.*—The complaint is an allegation, made before a proper magistrate, that a person has been guilty of a designated public offence.

"4,256 (4,648). *Plaintiff examined on oath: Depositions reduced to writing and subscribed.*—Upon a complaint being made to any one of the magistrates specified in section 4,680 (4,026), that such offence has, in the opinion of the complainant, been committed, the magistrate must examine the complainant and such witnesses as he may propose, on oath, take their depositions in writing, and cause them to be subscribed by the persons making them.

"4,257 (4,649). *What depositions must state.*—The depositions must set forth the facts stated by this complainant and his witnesses, tending to establish the commission of the offence and the guilt of the defendant.

"4,258 (4,650). *Warrant of arrest to issue if probable cause shown.*—If the magistrate is reasonably satisfied from such depositions that the offence complained of has been committed, and there is reasonable ground to believe that the defendant is guilty thereof, he must issue a warrant of arrest."

(NOTE.—First figures refer to sections, Alabama Code, 1886. Figures in parentheses refer to sections, Alabama Code, 1876.)

It was a part of the judicial duty of the Commissioner, by the law of Alabama, to prepare the depositions of complainants, and for the performance of that duty he was entitled to pay. Ravesies *v.* U. S. (24 Ct. Cls., 226); Cooper *v.* U. S. (25 Ct. Cls., 346); McKinstry *v.* U. S. (40 Fed. Rep., 813, 816-818); Rand *v.* U. S. (38 Fed. Rep., 665).

The fee for administering oaths to complainants is prescribed by section 847, Revised Statutes.

Jurats to oaths—To give value and permanence to the oath, the Commissioner must attach a jurat or certificate, the definition of which, according to Bouvier, is "that part of an affidavit when the officer certifies that the same was sworn before him." Section 847 does not mention certificate *eo nomine*, but the seventh paragraph is: "For issuing any warrant or writ, *and for any other service*, the same compensation as is allowed to clerks for like services." By section 828, eighth paragraph, clerks are allowed, for making any certificate, for each folio, fifteen cents.

The term "folio" means one hundred words, and the jurat or certificate contains many less than one hundred words. But section 854, where the document is less than fifty words, makes it one folio.

In the case of "The schooner F. Merwin," in the District Court of the United States, Southern District of New York, the question of oath and jurat came before the court. The Court said: "The charge for 5 oaths at 10 cents and 5 jurats at 15 cents is objected to on the ground that the fee of 10 cents for administering an oath includes the service of the clerk in making the certificate of the administration

of the oath—the jurat. I think the charge is correct. The fee bill allows 10 cents for administering the oath; it allows 15 cents for making a certificate; the two services are distinct and are both here rendered." (10 Benedict Dis. Ct. Reports, 405); Cavender *v.* Cavender, (10 Fed. Rep., 828, 829).

As to the fees for filing depositions, warrants, subpœnas, and other papers, and for entering returns on warrants and subpœnas, there can be no controversy. Section 847, Rev. Stats., par. 7, prescribes the compensation for such services—"the same compensation as is allowed to clerks for like services." The forms for commissioners' accounts drawn by the Attorney-General and the First Comptroller, and upon which commissioners were directed to make up their charges, have uniformly included "entering returns." The fee bill prescribed by the First Comptroller in 1884 is as follows:

Commissioners should use paper of this size for entering accounts against the U. S., and should follow the plan here indicated in printing their fee bills.

Clerks of courts, by section 828, Rev. Stats., are allowed "for entering any return * * * fifteen cents." The Commissioner, by section 847, is entitled to the same compensation for a like service.

Rand *v.* U. S. (38 Fed. Rep., 665).

When a statute allows a Commissioner the compensation allowed to clerks for "like services," it means similar, not identical service.

Spann *v.* U. S. (21 Ct. Cls. 268).
U. S. *v.* Wallace (116 U. S. R. 398).

Recognizances of defendants and witnesses for examination and for court.—In "People *v.* Hays," 4 Denio. (N. Y.), 535, Beardsley, J., says: "The definition of a "recognizance would seem to import that it is necessarily "a record as soon as entered into; but, strictly speaking, "this is incorrect, for a recognizance is not a record until "duly enrolled and filed. This rule is universal, for no "proceeding can be regarded as matter of record before "it has been enrolled and filed in a court of record." Again he says: "And the same principle applies to recog- "nizances taken by a court or magistrate for the appear- "ance of a party charged with criminal offence; the re- "cognizance, although complete, is not in strictness a "record until made out in form and filed in a court of "record."

Under the law of Alabama, a recognizance in a criminal proceeding before a U. S. Commissioner is an acknowledgment by the accused and his sureties of indebtedness which lunatics, married women, and infants only are exempted from executing.

Brickell's Dig., caption Bail in Crim. Cases, vol. 1, p. 217, secs. 125, 126, and cases cited.

Paragraph 7 of section 828, Revised Statutes, provides that clerks shall be allowed, "For entering any return "* * * *or recognizance*, * * * for each folio, fifteen cents."

A Commissioner who performs a like service is entitled, as we said before, to like compensation. (Rand *v.* U. S., 36 Fed. Rep., 671.)

It is not contended, as we understand, by the counsel for the United States, that the charge for a recognizance is not legal, but it is maintained that one acknowledgment should answer for all recognizors to the same instrument.

In the case of Lawrence *v.* People (17 Ill. 172), a paper "attested and approved" was held not good, but an instrument "taken and acknowledged before me, J. A. L., "Judge," was held to be valid because of the certificate of acknowledgment. "The first paper," said the Court, "was not a recognizance. It was a mere bond, such as the "court had no power to take. * * * The paper which "he is to sign is a recognizance, which, when it comes be- "fore the court of which he is a member, becomes com- "pletely what its name imports—an acknowledgment of "record. All its solemnity and authenticity depends upon "his own certificate that the acknowledgment it sets forth "was made openly by the parties in person."

"Though fees for taking acknowledgments are given in "the fee-bill for clerks of courts, and Commissioners are "for like services allowed the same compensation, it is "argued that items of account under this head should be "rejected, because a fee is charged for each acknowledg- "ment, instead of one fee for each recognizance acknowl- "edged. The statute which prescribes the fee contains "no such rule. *It is not in the power of* ONE *person to ac- "knowledge an obligation so as to bind another who does not.* "The responsibility is personal, and should be personally "assented to. It is quite a different proceeding from the "acknowledgment of a deed, which in this State is neces- "sary only that the instrument may be admitted to regis- "tration, and, by statute, is sufficient if made by one of "several grantors. As every service of this kind charged "for has been performed, the compensation demanded is "due." Rand *v.* U. S. (36 Fed. Rep., 674); Crawford *v.* U. S. (40 Fed. Rep., 446).

Besides this, the Commissioner's appointment, under the law of the United States, is "to take acknowledgments of bail," and the acknowledgments of bail taken by him have the same effect as if taken before a judge of the Circuit

Court. (Brightley's Digest Laws U. S., p. 166; sections 627, 945, Revised Statutes U. S.)

Section 5394 of the Revised Statutes punishes by fine of $5,000, and imprisonment at hard labor for seven years any person who acknowledges or procures to be acknowledged any recognizance or bail in the name of any other person, etc.

Certificates to acknowledgments.—The certificate is a distinct and specific service, for which the additional charge of fifteen cents was made and allowed the appellee. The F. Merwin (10 Benedict, 403), Cavender *v.* Cavender (10 Fed. Rep., 828, 829, cited *ante*).

Oaths of justification of sureties, and jurats thereto.—These were written oaths, and that a written oath must have a written jurat attached to it has been invariably held.

"Unless the requirement of sureties is idle and "meaningless, it is important that they be responsible, "and able to perform the obligation they assume. * * * "The oath of the individual offered as surety in respect "to his residence, property, and means is an assurance, "the omission of which would justly subject the Commis- "sioner to censure if the bail should be found worthless. "1 Chit. Crim. Law, 99." Rand *v.* U. S. (36 Fed. Rep., 671.)

Orders to U. S. marshal to pay witnesses.—Appellee issued orders for the payment of witnesses. These are of the same character as those considered and allowed in case of Stafford *v.* U. S. (25 Ct. Cls., 288); Cooper *v.* U. S. (*Id.* 347), and McKinstry *v.* U. S. (26 Ct. Cls., —).

Oaths to witnesses as to attendance and mileage.—There is no controversy about this charge. The fee charged was the statutory one. Stafford *v.* U. S. (25 Ct. Cls., 288.)

Transcripts of proceedings.—In pursuance of an order of the Circuit Court, appellee made and certified transcripts of proceedings in all cases tried before him. The question of fees for their services has been decided by the courts. Ravesies *v.* U. S. (23 Ct. Cls., 299); Churchill *v.* U. S. (25 Ct., Cls., 1); Stafford *v.* U. S. (*Id.* 286.)

Taking depositions of U. S. witnesses on hearing to file in Court.—The Commissioner performed this service in obedience to the requirement of a rule of the Court and section 4286 of the Criminal Code of Alabama (1886). Sec. 4286.—" *Testimony of witnesses reduced to writing* " *and subscribed.*—The evidence of witnesses examined " must be reduced to writing by the magistrate, or under " his direction, and signed by the witnesses respectively." The fee allowed by the lower court is that prescribed by section 828 of the Revised Statutes, " for taking and cer- " tifying depositions to file, twenty cents for each folio of " one hundred words." Stafford *v.* U. S. (25 Ct. Cls., 288; citing Ravesies' case, 23 *Id.* 299.)

Per diems hearing and deciding in criminal cases.—The per diem fees allowed by the lower court were for days when the appellee fixed the amount of defendants' bail and passed upon the sufficiency thereof, or discharged defendants, or held them on bail for trial. The ruling of the court was in accordance with decisions in Harper *v.* U. S. (21 Ct. Cls., 56); Stafford *v.* U. S. (25 Ct. Cls., 285); and U. S. *v.* Jones (116 U. S. R., 483).

It is respectfully submitted that the judgment of the lower court should be affirmed.
